

CRISTY ZINN
ILLUSTRATION

PORT FOLIO

2025

Hi! My name is Cristy and I'm a published illustrator from sunny South Africa.

I have a Bachelor's degree in English and Drama but have been working in the children's publishing industry for the last eight years. I have worked with educational brands, self published authors and South African publishers such as LAPA, Penguin Random House, NB Publishers, Via Afrika and Pan MacMillain.

My illustration style lends itself to bright, whimsical, positive stories with a slightly feminine edge.

I work primarily with children's and middle-grade books and am especially fond of stories that encourage diversity, inclusion and empathy.

I recently signed a publishing deal with Imaginary House for my first author-illustrator graphic novel.

You can find more of my work on my website or contact me via email.
